SWIRGIEL PAULINE

WEB DEVELOPER FULLSTACK

PROFIL

26 years old
Student at 42 pursuing a Master's-level qualification in Database and Data Architecture, currently looking for an internship (4 to 6 months) or work-study program (2 years) in Web Development, AI, or Data.
Comfortable working in a team, I know how to prioritize my tasks and organize my work autonomously.
Thorough and committed, I am driven by a concern for producing careful, precise work.
